

Installation Technician

Ride Entertainment is the industry's gold standard in safety and support, offering services in sales, operations, ride installation and maintenance to amusement parks across the country.

Ride Entertainment's Installation and Maintenance Division, Ride Manufacturing Incorporated (RMI), is seeking hardworking, motivated individuals to join our installation team. Our Installation team installs new amusement rides and performs service work on existing amusement rides. Installation Technicians will travel with the RMI team to amusement parks nationwide to complete projects such as: erect new amusement rides, disassemble and relocate existing amusement rides, perform preventive maintenance on existing amusement rides, and complete other various mechanical work.

We are looking for candidates that are willing to travel. Selected candidates will not need to routinely report to the office, but will need to travel to the assigned work site during projects. No permanent relocation is required. Travel expenses and a daily per diem are paid for by RMI.

Responsibilities and Job Duties

Installation Technicians work independently and as part of a team to install new amusement rides and maintain or repair existing amusement rides. Tasks include:

- Using straps, come alongs, chain falls, and other rigging equipment to hoist, move and assemble amusement ride track and columns and other ride components
- Work with cranes, manlifts, reach forks, and other equipment
- Work at heights bolting together ride structures and performing maintenance on ride components
- Parts removal, installation and alignment
- Trouble shoot, repair and/or replace machinery as needed
- Read basic mechanical assembly drawings and manuals
- Become familiar and gain experience in amusement ride systems
- Assist team in daily set up of tools and equipment, carry supplies and tools around job site as directed
- Maintain a safe working environment for yourself and the team by keeping all job sites clean and secure
- Complete and maintain OSHA 30 construction certification, demonstrate safe work practices and safety leadership at all times
- Perform all other duties as instructed by RMI supervision and management
- Adhere to RMI travel and accounting guidelines

Qualifications and Skills

- Mechanical skills, rigging experience, and/or construction background
- Skilled with hand tools, grinders, drills, torches, etc.
- Experience or certification for operation of all terrain reach forks, scissor lifts, and manlifts
- High school diploma/ GED
- Previous experience on a construction site or in an amusement park preferred
- Ability and willingness to learn
- Excellent communication and listening skills
- Willingness to contribute to and be part of a team

Benefits and Pay

This is a full-time position with benefits including:

- \$28.00 - \$35.00 per hour, full-time position with overtime pay
- Paid time off including vacation, sick time and holidays
- Project completion bonuses
- All tools and equipment provided
- Paid training
- Annual wage raise and end of year bonus program
- Group medical/dental insurance coverage for employee and eligible family members
- Voluntary vision care plan for employees and eligible family members
- 401k retirement plan

Job Requirements

The RMI team works long hours in all weather conditions. This position will require traveling to job-sites and working outside. It is necessary that candidate be able to:

- Work long hours, nights, and weekends
- Maintain a valid driving license
- Travel to job locations
- Work in all weather conditions
- Stand and walk for long periods of time
- Work at heights over 50 feet
- Easily carry 50lbs

Interested Candidates should email their resume and cover letter to info@rideentertainment.com
